A Trust Company's Management

"Of Course," says the New York Sun, describing Trust Companies, "many estates become tied up in litigation. The company has its lawyers, who are working in its interests. Its interest, of course, is to save the estate. Sentiment and spite, the two things that start most of the will contests, which end in the lawyers getting all the property, are unknown in the composition of the trust company. Dollars and cents are all that affect it, and the way to get the most dollars and cents is the way the company chooses in getting rid of litigation. Of course the company must get the court's permission, but it is generally able to show such good reason why it should be granted that the permission is seldom, if ever, withheld."

WHOLE MARKET IS PANICKY.

FOREIGNERS UNLOAD AND THE

Sugar Continues to Hold a Prominent Place on 'Change-Wheat Weak and Corn Firm at Indianapolis.

At New York, yesterday, money on call was easy at 1 per cent.

Prime mercantile paper, 3@5 per cent. Sterling exchange was firmer, with actual business in bankers' bills at \$4.88\4@4.88\% for demand and \$4.87% @4.87% for sixty days; posted rates, \$4.88@4.89; commercial bills, \$4.86\4@4.86\4.

Silver certificates, 64@65c; at London bar silver sold at 28%d.

Total sales of stocks amounted to 214,502 shares, including 113,800 in American Sugar and 41,600 in Atchison. The moving influence of the share speculation yesterday was the disclosures in regard to the Atchison, Topeka & Santa Fe Railway Company, resulting from expert Little's examination of the company's accounts. According to his statements the income of the company since the last reorganization, in 1889, had been overstated some \$7,000,000 by reason of the fact that rebates allowed to shippers were not properly charged on the books. It seems that over \$2,000,000 of these rebates have been adjusted, leaving something less than \$5,000,000 still unsettled and carried as floating debts. While the rebate system was inaugurated by President Manvell, it was continued under President Reinhart, who had, as occasion permitted, lessened the amounts by charging them off to operating expenses. The appointment of receivers necessarily resulted in the bringing to light of the facts, as well as causing a discontinuance of the rebate system. In the London market, yesterday, both stock and bonds of the company were depressed by the news, and the publication in Lon-

don of the statement of Robert Fleming, representative here of the foreign security holders, that Little's report showed an earning capacity sufficient to provide for the fixed charges under the proposed plan of reorganization, had not the effect of restoring the shaken confidence of the foreigners in the property, and not alone were the stock and bonds sold abroad, but both London and the continent cabled selling orders in the New York market and started the decline. Atchison stock has reached such a low point that a serious decline will wipe it out altogether. It did break % bringing it down to 3, the closing price being at a rally of 1/4. The bonds were heavier losers, the fours selling down 2, to 70, and closing at 701/8, and the seconds 23/8, to 20, with a final

The effect of the Atchison discovery on the general stock market was disastrous, and there was heavy selling of the shares of other companies under suspicion of pursuing similar bookkeeping devices. A good deal of long stock was brought out and the bears hammered the stocks in turn, which gave evidence of weakness. The course of prices was practically downward all the forenoon and up to delivery hour, at which time Missouri Pacific had declined Wisconsin Central, 17/8; Distilling, 13/4; Paul, Union Pacific and Chicago Gas, %: Northwestern, Rock Island, Northern Pacific preferred and Denver & Rio Grande preferred, 14; Burlington & Quincy, Michigan Central, C., C., C. & St. L. and United State Leather preferred, 1, and the rest of the list a smaller fraction. After 2:15 o'clock there was some covering of short contracts, and the lower range of value induced purchases for the long account, which combined to bring about a recovery of 1/4011/2 per cent. This rally was maintained to the close, except in a few in-stances, C., C. C. & St. Louis receding 1% and Burlington & Quincey, St. Paul, Rock Island, Missouri Pacific, Distilling and Lead 1s. Sugar was an exception to the rest of the market and led in the transactions, monopolizing more than onehalf of the entire business. Opening % higher at 103, the stock receded to 1025s. rose to 103%, broke to 101%, and then, about 11:30, took a sharp upward turn to 105% on good buying induced by reports that the tariff bill was likely to fail, leaving the Mc-Kinley bill in force. In the final dealings

a reaction of % took pace, but the tone of the market at the close was strong. The bond market was weak during the day and closed rather heavy, the principal changes being: Declines-Indianapolis, Decatur & Springfield firsts, trust receipts, 6: Atchison seconds and Atchison four-and--halfs, 1%; Northern Pacific thirds and Reading firsts, preferences, 1%; Chicago Gas firsts, 14; Missouri, Kansas & Texas firsts and Peoria & Eastern firsts, 1. Advances-Union Pacific sinking fund eights, Pittsburg & Western firsts, Louisville & Nashville unified fours, Laclede Gas fives, Seattle, Lake Shore & Eastern firsts, trust receipts and Chicago & Alton sinking fund sixes, I per cent. each. Government bonds were easier. State bonds were dull.

LOCAL GRAIN AND PRODUCE. Trade Good for Monday-Wheat and

Oats Lower-Corn Strong.

There was a liberal amount of trade going on yesterday for the opening day of the week, principally on mail orders, though there were a number of country merchants in town to make personal selections. There were no changes whatever in quotations in general merchandise. Of Commission row there was more than the general stir for Monday. Receipts of all kinds of vegetables and fruits were large and the demand quite active. Despite the full crops prices are well maintained. Berries are getting scarce, and the price is well up. Watermelons, though in liberal supply, and not

of extra quality, are still high. There are some Tennessee peaches offered at 90c per peck, but there is little to recommend them to the fastidious consumer. Tomatoes were higher yesterday, owing to scarcity. On 'Change the dullness was very marked. A somewhat panicky feeling in

the Chicago wheat market was reflected in lower prices here, and an indisposition to take hold, even at the lower figures. Corn was strong, and the higher grades of white in demand. Oats were lower. There is a premium of about 16c per bushel for old oats, but there is none of the old crop of that cereal being handled here, except on contracts. The closing bids on 'Change yesterday were as follows: Wheat-No. 2 red, 45%c; No. 3 red, 43c; wagon wheat, 47c.

Corn-No. 1 white, 46c; No. 2 white, 46c; No. 3 white, 46c for one color, 45c for grade; No. 4 white, 41c; No. 2 white mixed, 45c; No. 3 white mixed, 45c; No. 3 white mixed, 45c; No. 3 yellow, 43c; No. 2 yellow, 43c; No. 2 yellow, 43c; No. 2 mixed, 43c; No. 3 mixed, 43c; No. 4 mixed, 40c; Oats-New crop: No. 2 white, 32c; No. 3

white, 31c; No. 2 mixed, 30c; No. 3 mixed, Rye-No. 2, 43c for car lots; 40c for wagon Bran, \$11.50.

Hay-Choice timothy, \$12; No. 1, \$11.50;

Fishback's Accuracy Questioned. To the Editor of the Indianapolis Journal: I hesitate to utter what may seem like a criticism on Mr. W. P. Fishback's very interesting recollections of Chief Justice Coleridge, but I must question his accuracy when he quotes the late Charles Mathews as saying he (Mathews) "felt like he was getting home again." Will not the truth of history show that Mathews was not enough of a Hoosier to use "like" for "as if?"

Indianapolis, July 23. Of that Much Value.

SMASHED THE RECORD

WHEAT AT CHICAGO YESTERDAY

Weakness in All Markets and Increase in Visible Supply Responsible-Corn and Oats Higher.

TOUCHED 52 7-8 CENTS.

CHICAGO, July 23.-Wheat smashed all low-price records to-day. September touched 52%c. Outside markets at home and abroad were weak, and this, with other bearish news, caused the decline, the market closing 1c lower, and but 1/2c from the bottom figures. Corn was firm, closing 14c higher. Oats closed 4c higher and provisions finished at a slight decline. Opening trades in wheat were at 4c ad-

vance, and gradually rallied 1/401/4c more; declined 1%c, advanced %c, changed some and closed weak. Early steadiness was attributed by some to the corn condition, and decrease on ocean passage of 840,000 bu. At the advance there were heavy liquidations and offerings much larger, due partly to purchases in the interior and to longs selling out. The lower cables, liberal receipts at winter wheat points and the break at Minneapolis all combined to make the situation weak. Outside markets were all lower, there being a sensational break in the Northwest, and this was one of the principal weakening features. The visible supply showed an increase of 617,000 bu, and was one of the weakening features. There was a general lack of support to the market, and no demand to speak of out-side the buying by shorts. The export clearances of wheat and flour were light, and aggregated 293,000 bu, of which 67,000 bu was in flour. Continental markets were generally weaker. There was no export ousiness doing here. Dry weather in the corn belt made the corn market very strong in the face of the decline in wheat. Shorts covered freely and the buying was liberal. The range for September was 1%c, and the close near the

Oats were unsettled and inclined to weakness early on free offerings, but rallied later on the strength in corn. The range for September was %c. Provisions were steady early on buying, but weakened later with wheat. Compared with Saturday night September pork is 7½c lower, September lard .02½c lower and September ribs unchanged.

The leading futures ranged as follows: Open- High- Low- Clos-Articles. ing. est. est. ing. Wheat-July 54% 54% 57% 43% Sept ... Dec Corn-July Sept ... Oct 391/2 May ... Oats-July 28 273/4 Aug Sept ... A Gleam of Hope.

Kansas City Journal. If the country becomes convinced that Congress will be unable to enact a tariff law. look out for a business boom.
